

One day Field Visit.....

Department of Botany had arranged a field study to the students of B.Sc III. On 21 sep.2015. The reason to arrange the field study was that the students should go to the field and observe the true habit of the plants which can also help the students to clarify the characters of the plant very easily.

20 Students and two staff members participated the field study. Students were taken to the field from village Bhowchi which is 2 km away from our college campus. We started from college at 9.30 am and visited different fields like jowar crop, wheat crop and cotton crop. Staff members explained the students the crop pattern, infection on the crop, various weeds in the field were observed and studied. It helped students to observe different types of flower, leaf pattern. Which helped the students to identify the wild plants. Going to field and observing the plants is very useful method to study botany which helps in simplifying the various terms in like inflorescence in flower, leaf venation, habit in plant, root system, stems, type of fruit. Different types of disease were also observed in the field like fungal infection on jowar and wheat. Students were asked to collect the disease samples and to take the photographs, it was easy to students to observe the infection in natural condition or on the plant itself.

Further we also met some farmers and had good interaction on crop pattern, crop disease management and the problems faced by the farmer. Farmers were advised to take benefit of various facilities offered in govt. schemes by state government. They were also advised to use disease free or resistant varieties of seeds. The interaction between farmers and students was found to be very useful. We had our lunch on the field and returned back to college till 4.30 pm.

One Day Educational Tour (05/02/2016)

Department of Mathematics

Department of Mathematics, Chemistry, Physics and Botany conducted one day study and industrial visit to Nargis Dutt Memorial Cancer Hospital Barshi Dist. Solapur and Prakash Agro Industries Osmanabad, Visit was arranged on 05/02/2016. Total 40 students and 04 teachers participated in visit. We started our journey at 9.00 am in morning from our college campus and reached the Nargis Dutt Memorial Cancer Hospital Barshi Dist. Solapur site at 09.30 am. During visit student visited LINAC section, Cobalt 60 chamber and X-ray detection section. Sectional Technician explained the detailed mechanism of each instrument. Journey towards Prakash Agro Industries Osmanabad started at 12:30 pm and reached at 1:30. In Prakash Agro Industries we visited Bio-Pesticide Production Room, Rotary Shaker, Soil analysis and Colony room.

One Day Educational Tour (09/02/2016)
Department of Chemistry

The department of Zoology, Chemistry organised one day educational tour on dated 09-02-2016 at Rajarshi Shahu Mahavidyalaya (Department of Biotechnology), Latur and historical place Chakur. Principal Dr. Deepa Sawale gave the permission for organising this tour. 44 Students were participated in this tour. In the early morning at 6:00 am we left the college and reached there at 12:00 pm. Dr. Vishwas Shembekar, director of the Department of Biotechnology were present at that time. Dr. Atul Humbe, HOD Dept. of Zoology, Dr. Shahaji Chandanshive, Mr. V. V. Nalawade and Mr. J. M. Mali were present in this tour. Dr. Vishwas Shembekar welcome us and felicitated. In this educational tour Dr. Vishwas Shembekar guided us briefly about higher education and research work. Mr. Santosh Kathwate. Mr. Sachin Kulkarni from same college gave speech and share experience about the research. Dr. Atul Humbe and Dr. Shahaji Chandanshive from department of Zoology, Mr. V. V. Nalawade from department of mathematics and Mr. J. M. Mali from department of Chemistry. Dr Vishwas Shembekar gave the speech to the students on research information and instruments which is useful for research work. All students from Shahau College share their experience to our students. Mr. Jagannath Mali demonstrated on research instruments and their information. Ku. Priyanka Mishra, Mali Mayuri, Rohini Jadhav and Priyanka Jadhav from our College gave speech about education and practical. After completion of this programme we all members with our students went to Chakur which is historical place to visit Ram Mandir. In Chakur our students observed all places like water dam, different temples and got the information about the God and their past events. After that we all participants took the lunch together and leave that place at 6:00 pm and reached Paranda on same date at evening 10:00 pm.
